

2023 Small Business Sponsorship Opportunities

Why should you sponsor the OutCenter?

When your company sponsors OutCenter Southwest Michigan you are investing in a richer diversity of talent and community that impacts LGBTQ+ employers, employees, and families.

And this means an improvement in the quality of life for everyone including you, your family, and your employees and their families. Research shows that when community areas and employees represent the rich diversity of our human community we see:

- Growth in consumer markets through increased tourism and population growth
- Increased support from state and regional governments
- More inclusive communities through:
- Improved mental and physical health
- Decreased stressors regarding discrimination and safety
- Improved quality of life for employees and their families

This means a better brand and better bottom line.

We remain committed to our work - even in our new landscape - to create an inclusive and rich diversity across our area, where LGBTQ+ are included and contributing members of the economy and so much more:

- ✓ 418 policies and practices promoted, enacted and/or modified
- ✓ 353 families and school staff members received assistance
- ✓ Working with 25+ area school communities and in partnership with Berrien RESA
- ✓ Reaching more than 11,000 elementary, middle, high school, and college students
- ✓ 22 partner organizations organized to provide more robust and appropriate services to LGBTQ+ people and their families
